

### It's Review Time

Rights are guaranteed to all citizens by law

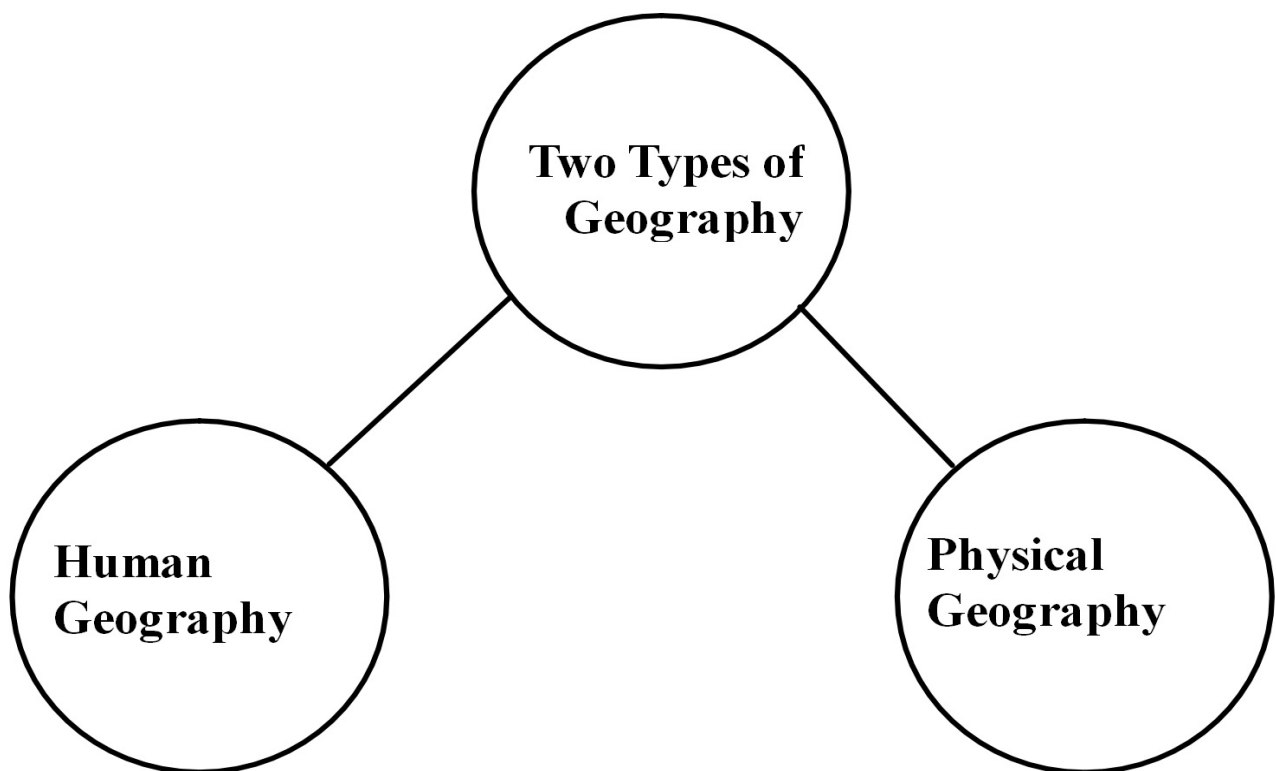

Refugee is a person forced to move to a new place because of war or a horrible government

Migration is a movement of a large mass or number of people to a new place

Responsibilities are duties a person should do as a citizen of a country

Urbanization is the movement from a rural area to a urban area

## **Why do we need Geography**

## **Human Geography**

**Study of how people interact with each other and the environment**

## **Physical Geography**

**Study of landforms such as canyons, plateau, mountains and bodies of water**

## **Tools that Geographers Use to Study Places on the Earth**

### **GPS -Global Positioning System**

**-allows geographers to locate exact positions on earth with satellites and other technologies**

### **GIS- Geographic Information System**

**-Allows Geographers to store multiple information about an area to study (such as rainfall, traffic patterns and crime**
